The Week Before Colonoscopy	<ul style="list-style-type: none"> • Go to the pharmacy, and Fill your Prescription of MoviPrep. • Stop taking Iron-containing vitamins and medications • Stop the following blood thinners if, and only if, the Prescribing Physician approves for the number of days s/he allows: Plavix, Clopidogrel, Effient, Brillinta, Coumadin, Warfarin, Pradaxa, Xarelto and Eliquis. Please notify GI office in advance if prescribing physician does not approve stopping any of these meds. • 2 days before exam: Avoid high-fiber foods: fresh/dried fruit, vegetables, seeds, nuts, and marmalades.
------------------------------------	--

The Day Before Colonoscopy	Upon waking	<ul style="list-style-type: none"> • Begin and remain on a strict CLEAR LIQUID Diet (see table on next page)
	In the Morning	<ul style="list-style-type: none"> • Mix your first dose of MoviPrep, which you will start drinking at 6:00pm. Empty only one of the Pouch A and only one of the Pouch B into the disposable container. Add lukewarm drinking water to the top line of the container. (You may add a tea bag or lemon to alter/enhance the taste if desired.) Stir until dissolved. Chill in refrigerator.
	6:00pm	<ul style="list-style-type: none"> • Begin drinking your chilled MoviPrep. The container is divided by 4 marks. At 6:00 pm every 15 minutes, drink the solution down to the next mark until the full liter is complete. This should take you around one hour to finish. Once finished, drink 16oz of clear liquids. • Using the same container. Empty the remaining Pouch A and Pouch B into the empty container. Stir until dissolved. Chill in refrigerator. • Continue drinking Clear Liquids. It is very important to remain hydrated.

The Day of Colonoscopy	<ul style="list-style-type: none"> • 4 hours prior to your check-in time, begin drinking your chilled MoviPrep. You have 1hr to drink the entire solution. (Note: This may be in the middle of the night or very early morning.) • TAKE NOTHING BY MOUTH WITHIN 3 HOURS OF YOUR CHECK-IN TIME. • You may take critical medications with clear liquids up until 3hrs before your check-in time. • For afternoon arrival times, you may continue clear liquids until the time you drink your MoviPrep. • You must have someone to drive you home or accompany you home on public transportation. If your procedure is in the afternoon, your driver must remain at the facility during the procedure. • You must not drive or be responsible for important decisions until the morning after your procedure.
-------------------------------	---

Clear Liquid Diet List:

- Gatorade[®], Powerade[®] (sports drinks with electrolytes are recommended to help with hydration)
- Water, tea, or coffee (No cream or milk; sugar is ok)
- Broth or Bouillon
- Jell-O[®], Popsicles[®], Italian ice (no fruit or cream added)
- Apple, white grape, or white cranberry juice (No orange, tomato, grapefruit, prune, or any juice with pulp)
- Soda such as Sprite[®], 7-Up[®], ginger ale, or any cola
- Clear hard candy, gum
- Lemonade (with no pulp), iced tea
- Avoid all **RED** and **PURPLE** liquids—they can look like blood in the colon!

Important Notes and Helpful Hints:

1. *Nothing by Mouth within 3hrs of your CHECK-IN time.* This includes clear liquids, candy, and gum. Taking anything by mouth within 3 hrs. of CHECK-IN will cause a delay or cancellation of your procedure.
2. Your exam will only be as good as your colon prep. A good sign that the prep has been effective is the transition to clear, watery bowel movements. If, 2 hrs. prior to your CHECK-IN time, your bowel movements are not clear (that is, if they are still solid or mostly brown), please call the phone number below for instructions.
3. Many patients find that chilling the laxative and drinking through a straw improve tolerance.
4. You may use baby wipes instead of toilet paper and Vaseline in case of a sore bottom.
5. Remain close to toilet facilities as multiple bowel movements may occur. The prep often starts working within an hour but may take many hours to start working.
6. You may take oral medications with water during the prep and up to 3 hours before check-in time.
7. Please allow 7-10 business days for all the exam results.

Diabetic Patients:

1. Hold (do not take) your diabetic medication the morning of the colonoscopy.
2. Use sugar free drinks for liquids (like Crystal Light) during the prep to avoid increases in blood sugar. Monitor and control your blood sugar closely during your prep to prevent low and high blood sugar. Note: Your procedure may need to be cancelled if your blood sugar is over 300mg/dl on arrival.

Important: Most re-do exams could have been avoided by CAREFULLY reading ALL instructions
